Customer Reviews

This book is full of useless information unless you are "blind and from Ethiopia!! When, and if there is a listing for an average kid more likely than not the scholarship is no longer being offered, the phone number and email have expired. The book said 2014 but I don't think they ever change the expired information. Don't they ever review the listings for accuracy?? I have spent a lot of time to

discover very little usable information. Save your money!

This is a book I ordered for my grandson who will be attending college next year. My daughter has been scanning every page to find things that will benefit her son. Book contained so much information. Great buy.

This book and the Confessions of a scholarship winner are an excellent combo! This book has fantastic current leads to the unique scholarship for YOU. If you are serious about getting scholarships the web is not enough, trust me. Get it!!

Got this for my daughter who is graduating high school this year. She has found it very useful and found many scholarships to apply for. It has scholarships for college kids too!

This book has lots of help, good separation of scholarships - excellent index to help narrow the field. A really great resource for scholarship money.

Had all the information needed to decide if scholarship is right for your student. Eliminated unnecessary ones by scanning summary. Found quite a few to apply to. Liked the fact they were by unrestricted and areas.
