# Without Me: Men Of Inked, Book 5

## Synopsis

I'd led a selfish existence. I liked who I was. Hell, I loved myself. Women threw themselves at me, and I took what they offered without remorse. I promised them nothing. I sank my teeth into life, holding on to it like my very existence depended on it. Time passed. Women came and went. The second I let my guard down and released the hold I had on life, what was my award for such carelessness? A love so spectacular and heart-wrenching that it threw me for a loop. When I was in too deep to escape, my greatest fears became reality. This is my story. My downfall. My salvation.

## Customer Reviews

First off, I'm sad! To know that this is the end, and hopefully we will get the future Gallo clans stories. I'm hoping. I absolutely love this series and family. I feel like their mine. Every time I seen an ARC sign up, I hurried and signed up. I'm a sucker for the Gallo's. Chelle Bliss have us an incredible family to read about. I love these guys and girls. Anthony Gallo, the woman user. The love em' and leave them kind of man. His world will finally get rocked when he meets Max after a set. But she doesn't fall for his charm, oh no. He has to work, and does he. The one woman who didn't throw herself at Anthony, she got his gears grinding. He had to break her, make her budge. Could he?" Last night was the first time I actually felt something more than just a cheap thrill for someone. We're different, Max. I want more . For the first time in my GD life- I want f-ing more!" AnthonyMax has gave Anthony a glimpse of what he wants, even if she doesn't want it. She tries to push him away, but he can't let go. Max doesn't want to, but feels like she has to leave Anthony at a distance, but why?" I'm coming for you. I won't stop until I get what I want. You haven't

seen how big of an a-hole I can be."- Anthony I loved their story, but that's nothing new with the Men of Ink series. Anthony, we finally see him. We finally get to know him, and he's amazing. I loved that Chelle made a female character African-American. Like I said before, I'm sad this series is over, but hopefully Chelle will give us more. I want to see what all these Gallo kid's turn into.

I loved each previous book in this series. To me this book was a bit disappointing. Making a strong, talented, loving, independent, Alpha male into a whining, codependent, weak, lovesick idiot just ruined it for me. The storyline itself was good. I just has trouble with the main characters drastic changes from all the bits of him in all the other books.

I both dreaded and anticipated this final book in the Men of Inked Series. I was excited to read it, but reluctant for my love affair with the Gallo family to end. Through the pages of my kindle they invited me to share their innermost thoughts, desires, and secrets. I was included in the family dinners every Sunday and I shared in their sorrows when any type of danger or loss threatened one of their loved ones. I especially enjoyed the laughter among the siblings as they played hard teasing each other while knowing that they would always have each others back. The men are so big and protective, but at the same time so gentle and loving to their women. Chelle Bliss created the perfect men for her readers to drool over. Not only did she create some serious #CoverLust with those hot models, she steamed up the pages of our kindles with those sexy love scenes. And um...can I just say Thank You for the interactive link to provide a visual aide...just WOW! The love scenes weren't just words, they were feelings and emotions expressed through their passion which made it beautiful to read. We melted right along with the lucky women who were chosen to become the girlfriends, wives, and mothers of the the future children of the Gallo men. I certainly hope that we get to hear from these incredible characters again in the upcoming works of this amazing author. I'm not gonna give any details about the story, Without Me, it just needs to be experienced (with tissues).

I am actually pretty emotional about writing this review only because itâ™s the last book in the series. I want them to continue!!!! Out of all the siblings throughout the series, Anthony has been the most quiet and laid back when it comes to love. Now yes he has hounded his brotherâ™s and sister about being in love but he is actually pretty to himself most of the time. I knew there was something going on with Anthony in the last 2 books actually and I couldnâ™t wait to find out. Anthony is cocky and arrogant and expects women to bow down to him but when he meets Max

she flips his world upside down. I love MAX. She is just as strong if not stronger than Izzy in this series. She has a smart mouth and doesn't back down to Anthony at all. There were times I got pissed at her because of the back and forth stuff. One minute she wanted to be happy the next she did not. But I knew Max was hiding something I just had no idea what it was. I felt so bad for Max when I found out her secret. You will just have read in order to find out. This was one of my favorites out of the whole series. The change in Anthony was amazing and I loved every minute. I literally read all 7 books in 4 days! I was literally hooked right from the beginning and my mind is still thinking of these stories now even days later. I look forward from more from Chelle in the future!!!

After reading about Anthony in the previous books I was very disappointed in this book. He was portrayed as a "manwhore" and suddenly he meets someone at a bar then she leaves and he's suddenly whipped? Really?????

The first 50% of this book is a back and forth between Maxine and Anthony. Over and over again this duo hooks up, gets into a fight and "breaks" up as Max continually states she doesn't want a relationship. The character of Maxine is beyond hard, she's straight up bitchy with no valid reason that you can see for her attitude. She finally comes clean with Tony on the reason she doesn't want a real relationship after being forced to do so by her mother. I hoped the back half of the book would improve after her confession but sadly it didn't. You turned me so off Max for the better part of the book that I didn't care about a happily ever after for her and Tony.
