Customer Reviews

When I was looking for a title for this review, the word that came to mind was 'Indispensable' but I felt it was too cliché to use for this purpose. So I opened up the index of this book, looked up 'indispensable', went to page 38 and looked down the list of expressions till I found the title I felt comfortable with! That's how this book is meant to be used. If you are writing copy for any type of advertising or promotional purposes, you will find this 'Thesaurus' style book very handy. This isn't strictly a thesaurus since the words in each section aren't necessarily synonyms but more like related words. If you are new to the world of copy writing, 'copy' generally refers to any type of writing associated with sales material. For example, when you read an advertisement for a soft drink, the art of writing the ad is called 'copy writing'. You can find other uses for the content in this book as I did above with the title for this review. But in general, most people use this book to come up with writing that is compelling enough for the reader to perform the intended action whatever that action happens to be. The book is split into 6 sections - Grabbers, Descriptions and Benefits, Clinchers, Terms & Offers, Special Strategies, and an Appendix containing miscellaneous sections. There is a 2 page copywriting primer included that has 8 tips to learn before you start writing copy. The Appendix has several miscellaneous topics like 'Categories of Copy', 'Puff speak - And Its Alternative', 'Wordy Expressions', 'Commonly Misspelled Words', 'Commonly Confused Words', 'Selling Yourself', 'Sample Order Forms', and 'Further Reading'. The book is filled with pages and pages of words and in some cases expressions that are categorized into different headings under each chapter.
